

The 2nd day of International Studies
organized by the Association Phrasis

***PHRASEOLOGY AND PAREMIOLOGY:
PAST, PRESENT AND FUTURE***

Books exhibition

We are pleased to inform you that it is going to be arranged an exhibition desk in the congress place in order to allow the participants to display their works, and introduce them to the scientific community. Thus, everyone will be able to present a copy of their books as well as promotional material or purchase order sheets.

The exhibition desk will be steadily monitored.

We have to remind you that book sales is forbidden. We invite you, if you don't like to expose one of your own books, to request a sample copy of your publisher.

Participants can consign their books and material to the exhibition desk when arriving to the congress. Unless they desire to donate the books to the Phrasis' library, the authors are exhorted to collect their material before their departure.

The Committee
