Call for papers (I)

The VI conference of Phrasis Association aims to think about the different patterns and tools used for the study of phraseology and paremiology. Proposals from Professors, Researchers, Phd students are encouraged.

The main object is to examine in depth different perspectives including:

- Methods and theories related to phraseology and paremiology
- The introduction of new tools of work, such as digital technologies, and the benefits from their application to the phraseological and paremiological studies
- Comparison between the new patterns and tools used and the ancient ones in order to achieve a new value on the theoretical field.

We are addressing a wide range of topics, including:

- Contrastive phraseology, paremiology translation
- Phraseology, paremiology and rhetorical, cultural and cognitive motivation
- Phraseology, paremiology and diachronic variation
- Phraseology, paremiology and synchronic variation
- Phraseology, paremiology and corpus linguistics
- Digital phraseology and paremiology and new technologies
- Phraseography and paremiography
- Phraseology, paremiology and language for specific purposes
- Phraseology, paremiology and language teaching/ language acquisition.

Papers are supposed to be presented in one of the following languages:

- Italian
- French
- English
- Portuguese
- Spanish
